Will your plan fit your care?

Check the details before you choose.

Your doctors and hospital

Confirm participation in the exact plan with both the plan and the provider. Ask about referrals.

Your prescriptions

Check each drug, dose and form. Review the formulary, tiers and restrictions such as prior authorization.

Your pharmacy

Compare your pharmacy with preferred options. The same prescription can cost different amounts.

Your total costs

Look beyond the premium. Include visits, drugs, deductibles and plan limits. Recheck for the coming year.
