

2026 Medicare costs

The number matters. So does the time period next to it.

PART B PREMIUM

\$202.90

per month

Standard amount; some people pay more.

PART B DEDUCTIBLE

\$283

per year

Original Medicare

PART A DEDUCTIBLE

\$1,736

per benefit period

Can apply more than once a year.

PART D OUT-OF-POCKET

\$2,100

per year

Threshold for covered Part D drugs.

These figures do not represent your total annual spending.

The old Part D “donut hole” is gone.

Premiums and drugs outside Part D coverage do not count toward its \$2,100 limit. Plan costs vary.
